The right "fit" matters most.

Whether you are a graduating resident or an experienced physician, your goals, practice and community preferences are at the heart of my work with you.

You may wish to be closer to family or work where you love to play. Perhaps you want to use all of the skills you've learned including obstetrics and inpatient care, or focus on outpatient or urgent care only. Your passion may be teaching or working with underserved populations. Perhaps you want to experience different practices through locum tenens work, or explore opportunities that will help you pay down student debt.

Whatever your goals, let me introduce you to Northwest practice opportunities that best match your interests and needs.

I work with hospitals, physician-owned practices and community health centers across Oregon & Washington, and with physicians who want to live and work in our part of the world. Know that your search will always be handled thoughtfully, confidentially and with a focus on "fit". And there's no cost to you.

Please stop by my table at the KCAFP Career Fair to learn more.

Be sure to pick up a list of featured Northwest practice opportunities.
I look forward to meeting you!

Join a team that loves what they do and cares about those they serve.

AA/EEO Employer
Edmonds Family Medicine Quick Facts:

Our mission: **Empowering people to lead healthier lives**

**EFM began in 1975** with two family medicine physicians; now we are a team of 30 family medicine providers (many are part-time) with **embedded psychiatric ARNPs** and an **embedded consultative oncologist**. Our group also includes a gynecologic surgeon.

**Some family medicine physicians include obstetrics in their practice.** The FP-OB team only takes call from pregnant patients (the other family medicine physicians take all non-OB call); there is financial support from the group for OB malpractice premiums and for OB on-call days.

**Independent, physician-owned.** 20 physicians are share-holders (all equal shares); new physicians are generally considered for shareholder status after 2 years in practice.

**Production-based compensation.** Salary to start. Part-time or full-time. Competitive benefits.

**Team** environment with ARNPs and dedicated support staff. We have a very collaborative group and are looking for new physicians (we have retirements happening) with a similar participatory spirit.

**Our strategy:** high quality scores, great patient access, terrific patient experience and good cost management by staying involved with patients across the care continuum --- this leads ACOs and “narrow networks” to invite us into their arrangements (Boeing ACO as a community partner with Providence; State employees ACO as a partner with Puget Sound High Value Network).

**We serve the area between Shoreline and South Everett** (patients come from all over but this is where we focus). We participate in many community outreach events and enjoy presenting health topics at local schools and in other gatherings where we emphasize “Everyday health tips because health happens every day” ( see photo above).

**Urgent Care** (Walk-In) Clinic open 363 days per year. Mon-Fri 9:00-8:00 Sat/Sun/Holidays 9:00-4:00. Most physicians work 6 weekends per year in regular family medicine. **High complexity lab** and **digital radiology** on-site. We also have screening digital mammography and ultrasound. Radiologist on-site most days.

EvergreenHealth is an integrated two-hospital healthcare system offering a breadth of services and programs that is among the most comprehensive in the region. Formed in 1972 as a public hospital district, we now serve nearly 850,000 residents of our service area in north King and south Snohomish counties, with medical facilities located throughout the area for easy access. We take great pride in offering the latest medical technology, but our care is set apart by the personal touch provided by our staff of nearly 3,000, our 950 physician partners and our 1,100 volunteers.

Our main campus is located in Kirkland, and includes a 318-bed medical center and four medical specialty buildings. Our EvergreenHealth Medical Group, a 200+ member physician multi-specialty group, provides nine primary care clinics, two urgent cares and 25 specialty care practices located throughout our service area.
Family Care Network is a locally owned and physician-led family practice, where you can balance earning potential and quality of life. Be part of a highly successful, nationally recognized full-spectrum primary care practice that offers a balanced lifestyle, shared call, and a partnership opportunity.

Independent practice model with central administrative support
Flexible • Innovative

We are currently seeking Board Certified Family Physicians to join our clinic teams. We have 12 offices located throughout Whatcom and Skagit County in beautiful Northwest Washington state.

Full benefits package • Excellent schools, colleges and a university
Multiple outdoor activities, from the mountains to the sea
Close to Seattle and Vancouver B.C.

(360) 318-8800, ext. 201
e-mail: fcnhr@hinet.org
Do you want to be part of a beautiful rural community with four true seasons and endless outdoor opportunities? Do you want to practice full spectrum family medicine and feel the pride that comes with knowing you are providing quality patient care to an underserved community?

We are looking for YOU to join our outstanding provider teams. Our mission is to improve the health of our entire community through collaboration, patient care and education; deliver positive patient experiences; and provide access to affordable care.

**We offer a competitive salary with the following benefits:**

- *35 days of paid time off per contract year*
- *Voluntary dental plan*
- *Relocation Allowance*
- *Employer-paid life insurance and AD&D*
- *401(k) retirement*
- *Spanish language incentive*
- *OB delivery bonus*
- *CME Allowance*
- *Employer-paid medical insurance and long-term disability*

As a Federally Qualified Health Center, we are also approved sites for federal loan repayment.

Successful candidates will be skilled in interpersonal relationships; have the ability and willingness to work with diverse individuals; have an awareness and appreciation for both the health and socio-economic needs of a low-income, underserved population; and have the ability to work effectively in a community health setting.

Deborah Harris, HR Director (509) 422-7604
HR@myfamilyhealth.org
www.myfamilyhealth.org
HealthPoint is currently seeking Family Medicine physicians (with and without OB) to work in a collaborative team environment. We are an integrated, patient-centered health care home that delivers respectful quality health care. We have been practicing full spectrum outpatient family medicine in the suburban areas of Seattle, WA for over 45 years. Our progressive, mission driven organization is dedicated to primary health care including: medical, dental, complementary and alternative medicine, OB/GYN care and behavioral health.

HealthPoint is a nonprofit, consumer governed, Community Health Center network serving the needs of the uninsured and medically underserved populations, employing over 700 staff to deliver care to 82,000 patients annually:

- 10 medical centers, 7 of which have dental clinics
- two school-based health centers
- primary care residency clinic
- four health centers located in partner behavioral health organizations
- pharmacy services

Our supportive programs include naturopathic medicine, behavioral health, nutrition counseling, acupuncture, urgent care, peer support, and case management. We are community leaders in initiating and developing collaborative relationships.

We offer a competitive salary, comprehensive benefits package including CME, relocation assistance and opportunities for state and federal student loan repayment.

Visit our website for a look at HealthPoint, [www.healthpointchc.org](http://www.healthpointchc.org), or contact Deanna Ward at deward@healthpointchc.org, 425-203-0415.
International Community Health Services (ICHS) Family Practitioners with or without OB, provides professional health care services to patients of ICHS and the community, which includes preventative care, primary diagnosis and treatment, prenatal care, obstetrical care, and inpatient (hospital-based) medical care.

ICHS is a non-profit federal qualified health center that offers affordable health care services to Seattle and King County’s Asian Pacific Islander and the broader community. Our clinics functions as “one-stop-shop” for patients to access primary medical, dental, behavioral health, alternative medicine, pharmacy, laboratory, health education and other services.

ICHS is fully accredited by the Accreditation Association for Ambulatory Health Care (AAAHC). ICHS was presented with the 2015 Warren Featherstone Reid Award for Excellence in Health Care by Governor Jay Inslee. ICHS received the only “National Quality Leader” in Washington State in 2015 for exceeding national quality benchmark for health care from the U.S. Department of Health and Human Services.

We offer excellent salaries and health care benefits, an incentive program, signing bonus, and a Loan Repayment Reimbursement Program.

For more information, contact our Administration Office at (206) 788-3650 and ask to be transferred to an HR representative.

The Organization

As one of America’s "10 Best Integrated Healthcare Systems," MultiCare Health System (MHS) includes a fast-paced trauma center, four community hospitals, a pediatric hospital, home health, hospice and many neighborhood clinics. Employees also appreciate that we are a locally based not-for-profit system. Based in Tacoma, WA (just a short drive from Seattle), MultiCare is a recognized leader in the use of advanced technology, including recognition for its HIMSS Level 7 EPIC EMR. In addition, the fully integrated inpatient and outpatient electronic medical record provides you access to your patients’ records 24/7. Learn more at www.multicarejobs.org

MultiCare Medical Group is the physician division of MultiCare Health System comprised of over 700 primary care physicians, specialists, physician assistants and nurse practitioners, in nearly 30 locations across Pierce and south King counties. Our goal is to provide exceptional health care to our patients so that they can live life to the fullest. We want to be there for our patients when they’re ill, but we also want to be involved in helping them develop healthy habits and maintain good health throughout their lives.

Excellent urban, small town or rural settings with exceptional public and private schools that compliment your lifestyle and growing family needs, with great call coverage provides you with the time to enjoy life after hours. Outstanding compensation, benefits and group stability makes these positions an ideal choice for the provider who is looking to experience the best of Northwest living; from big city amenities to the pristine beauty and recreational opportunities of the great outdoors.

Our Community

Clear views of Mount Rainier and the glistening water of the Puget Sound offer a dramatic backdrop for the ever-changing life of Tacoma—"The City of Destiny”—Washington’s third largest city, and growing all the time. Tacoma is one of the West’s most ecologically diverse areas with an abundance of sea life at its shores and frequent bald eagle sightings in its skies. Home to a magnificent deep-water port, major rail and highway links and offering easy access to a major international airport, the City of Destiny—a name given to Tacoma by her founding fathers a century ago—still rings true today.

Just minutes from the cosmopolitan cities of Seattle, you also have access to Broadway plays and concerts, professional sports and endless sightseeing. The Pacific Northwest provides it all in a setting that you prefer.

Newport Hospital & Health Services has an immediate need for Board Eligible/Certified providers to join our integrated medical staff. These employed positions offer the opportunity to practice full-spectrum care (including surgical obstetrics) in a uniquely situated rural community, only 40 minutes away from urban areas. A competitive salary and benefit package is offered and includes the potential for loan repayment options (State and Federal). We offer fellowships for providers without surgical experience.

Newport Hospital and Health Services consists of a 24-bed Critical Access Hospital with a Trauma Level IV designated emergency department; a 50-bed Long Term Care Unit; a 42-apartment assisted living facility, and a brand new, state-of-the-art primary care clinic that opened in August of 2016. We are located in Newport, Washington in the Northeast corner of the state along the Idaho border and serve approximately 17,000 patients.

We are “High Tech, High Rec!” Pend Oreille County is one of the only counties in Washington that offers a high-speed fiber optic network rivaling most urban systems. Some of Washington’s best recreational amenities are in our own backyards! To learn more, visit NewportHospitalAndHealth.org.

North Olympic Healthcare Network is looking for a Family Medicine Physician to join our team.

• North Olympic Healthcare Network is a non-profit, progressive Community Health Center providing high-quality Primary and Obstetrical Care, integrated Behavioral Health and Oral/Dental services for residents of the North Olympic Peninsula.

• We are a growing practice in a newly constructed, state-of-the-art facility on the Port Angeles Waterfront. We have 9 ABFM-Certified Family Physicians, and 6 Advanced Practice Clinician providers offering the full range of primary care services to a service area of over 40,000 people.

• We offer a competitive compensation and benefits package to qualified, board-certified physicians which includes: sign-on bonus, housing stipend, relocation assistance, site visit cost reimbursement, base & bonus compensation, paid time off, holidays, CME, Medical Malpractice Insurance, 401(k), medical, dental, vision, disability and life insurance, employee assistance program. Positions may be eligible for loan repayment.

• Full-time (4-day work week) is preferred. Less than full-time may be negotiated.

• You will be responsible for comprehensive management of patients, providing preventive and chronic disease management, with a focus on high quality Patient-Centered Medical Home practices.

• You will participate in the planning and management of health services as directed by the CMO, including participation in review of the quality care being provided, and continuing development of health care protocols and procedures.

Please submit your CV to the Chief Medical Officer, Katrina Weller, M.D.

Public Health Seattle & King County is looking for dynamic Staff Physicians interested in making a difference in our community. Challenge yourself; serve vulnerable populations. You can make a difference! Work with a committed group of medical staff providing primary care for multi-ethnic immigrant and low income populations. We are looking for skilled, enthusiastic, flexible, and dedicated Staff Physicians focused in Family Health to become part of a dynamic, multidisciplinary and diverse team. These positions are flexible and negotiable, FTE hours ranging from 0.5 FTE – 1.0 FTE, including an excellent full benefits package [http://www.kingcounty.gov/employees/benefits.aspx](http://www.kingcounty.gov/employees/benefits.aspx)

Current Opening:

- **Staff Physician (Family Practice - MD or DO), Navos; .8 FTE** This position provides primary care services in an innovative setting. Public Health at Navos is a primary care clinic embedded in the Navos Mental Health Solutions campus in Burien. The target population is adults who are experiencing significant mental illness. The Public Health staff work closely with the Navos staff to provide integrated physical and behavioral health services. This position currently Qualifies for HRSA loan repayment.

- **Staff Physician (Family Practice - MD or DO); Float Pool; Short Term Temporary (STT) - .2 FTE.** The short term temporary position may work 8 - 16 hours per week; hours are variable and may include evenings. The Staff Physician will be responsible for providing primary care on the mobile medical van serving homeless adult and pediatric patients, Navos, Downtown Public Health or at Eastgate Public Health Clinic.

CONTACT INFORMATION: For information about the position(s), please contact Mary Fatica @mary.fatica@kingcounty.gov or (206) 263-8358. Apply at [http://www.kingcounty.gov/audience/employees/careers/jobs.aspx](http://www.kingcounty.gov/audience/employees/careers/jobs.aspx) under keywords “Staff Physician” (or visit kingcounty.gov and search under “jobs”)

*Public Health operates a primary care clinic at Navos Mental Health Solutions in Burien*
With our recent expansion to 30 medical clinics we are looking for Primary Care Providers.

We offer a competitive salary, and generous benefits package that includes:

- 32 PTO days
- 10 paid Holidays
- 7 CME days and a $2,000 CME allowance
- 100% paid health/dental/vision insurance through First Choice/Delta Dental networks

Family Practice & Internal Medicine opportunities in beautiful Ferndale, WA

Help us increase the years of healthy life in the people & communities we serve!

Join our dynamic team of providers as we expand our Ferndale clinic in 2018 to serve more clientele. Highlights include:

- Full-time employment seeing 17 patients per day without the overhead work and costs of running a private practice
- Fully implemented EMR system (GE Centricity) with one-on-one training provided
- Outpatient work only -- no OB and no hospital rounds
- Modest call schedule providing phone support only
- Support staff in the areas of nursing, on-site behavioral health, medical records, EMR/IT, case management, referrals, & helping patients seek insurance
- Occasional Saturdays with choice of a day off the previous week or additional pay
- Competitive compensation package
- Relocation assistance
- Malpractice insurance with tail coverage
- Continuing education days & dollars and reimbursement of license, DEA & board certification fees
- Generous paid time off benefit
- Six paid holidays
- Medical, dental, & vision insurance
- 401(k) retirement plan
- Eligible to apply for federal &/or state loan repayment (NHSC HPSA score of 16)
- On-site pharmacy
- Patient Centered Medical Home certification through the NCQA

Live in a community consistently rated as one of the most desirable in the USA!

Set amidst lush farmland on the Nooksack River with a commanding view of Mount Baker, Ferndale’s 12,000 residents pride themselves on their relaxed, small-town friendliness and affordable quality of life. Ferndale’s convenient location in Whatcom County on the I-5 corridor is just 15 minutes away from our main site in beautiful downtown Bellingham, a popular university & retirement community of 80,000 nestled on Bellingham Bay at the foot of the Cascade Mountains. Just a short distance from Seattle, Vancouver BC, and the San Juan Islands, Whatcom County houses several charming small towns. Enjoy all the area has to offer:

- **Recreational & Outdoor Activities** - Hiking, Biking, Skiing, Snow Boarding, Fishing, Sailing, Kayaking, & Camping
- **Excellent Schools** - University, Community College, Technical School, & Outstanding K-12 Educational System
- **Small Town or City Living** - Unique Shops, Local Festivals, Farmers Markets, Berry Picking, & Community Events
- **Cultural Activities** - Theater, Music, Independent Films, Museums, Art Studios, & Diverse Local Restaurants

We are a private, non-profit, federally qualified health center (FQHC) that has been proudly and successfully serving the greater Bellingham area since 1982. Located in the northwest corner of Washington State, we offer comprehensive primary medical, behavioral health, and dental care, along with pharmacy services at 3 locations in Whatcom County serving a diverse and mostly underserved population of all ages. Employing over 220 caring and compassionate employees, we assure access to high quality, affordable health care for all.

To apply for this rewarding opportunity and truly make a difference in the lives of your patients, please contact Vicki Curtis, HR Generalist, at hr@unitycarenw.org or 360-788-2661. Visit our web site at www.unitycarenw.org for more information on our organization and find out more about Ferndale, Bellingham and Whatcom County at www.bellingham.org.
UW Neighborhood Clinics is a network of community-based clinics located throughout the Puget Sound region. The clinics provide a wide spectrum of primary care and secondary care services, from pediatrics to geriatrics using the medical home model. Ancillary services include on-site laboratories, digital radiology facilities and nutrition services. The clinics offer primary care services six days a week, with urgent care services available at select locations. Additional offerings include convenient hours with evening and same day appointments available and online access to personal health information through UW Medicine eCare. Registered eCare users can confidentially email their care team, schedule and cancel appointments, request prescription refills, view their medical history and check lab results.

The clinics have earned six consecutive excellent accreditation scores for meeting nationally recognized standards of high-quality health care from the Accreditation Association of Ambulatory Health Care. The clinics have also received two leadership awards from the health insurer Premera Blue Cross for continued participation and support in the Premera Quality Score Card program.

UW Neighborhood Clinics is an entity of UW Medicine, which also includes Harborview Medical Center, Northwest Hospital & Medical Center, Valley Medical Center, UW Medical Center, UW Physicians, UW School of Medicine and Airlift Northwest.
